School Sponsorship Tanzania

As many of you know, last year Sarah spent time working on a project in a rural village, Nkinikano, Tanzania. While

there she was involved in the village church and was loved and welcomed into their fellowship.

The pastor has asked if we would be able to financially support two of his children for their secondary school education. We realise that many of you already support children through various channels, but if this is something you have been thinking about and would like to know more, please speak to Ged or Jayne Crossman asap.
